

GOALS 2020-2024

MEMBERSHIP AND PARTNERSHIPS

- » This goal focuses on how MAWA will better deliver value to all members and mathematics educators across the state. Also how MAWA engages with existing and new stakeholders.

PERFORMANCE MEASURES

- » Membership growth
- » Membership engagement
- » Increase in engagement from regional educators
- » Member and educator participation in services
- » Member and educator satisfaction with services

CURRENT WORK

MAWA supports teachers and educators across the mathematics education community and WA families.

MAWA has a strong focus on:

- » Providing memberships that represent value for money
- » A range of services for teachers and students at an affordable price
- » Providing 'welcome packs' for each category of membership
- » Providing a range of discounts on publications and resources

AREAS OF FOCUS

- » Increase memberships
- » Engage with members and partners
- » Review communication processes
- » Increase collaboration between MAWA and stakeholders

STUDENT ACTIVITIES AND ENGAGEMENT

- » This goal focuses on how MAWA will provide a range of student activities and encourage and support schools and families to actively promote student participation.

PERFORMANCE MEASURES

- » Participation rates in student activities.
- » Number of Maths Active Schools.
- » Results in a national context

CURRENT WORK

MAWA supports teachers and educators across the mathematics education community and WA families.

MAWA has a strong focus on:

- » Providing activities for mathematically able students – WAMPSP and NMSS
- » Providing activities for students that encourage participation and collaboration – HSF Face-to-face, HSFOL and MTQ
- » Engaging and promoting girls to consider studying higher level maths – MATHS: Empowering Girls Day

AREAS OF FOCUS

- » Increase regional school and student involvement
- » Provide opportunities for mathematically gifted students
- » Increase family and student workshops
- » Support girls' engagement with mathematics and STEM
